SPRING EYE BUSHINGS

SP00-11005, SP00-11013, SP59-11006, SP59-11007, SP59-11010

When switching from threaded, metal style pin and bushing to ATRO's Polyurethane Spring Eye Bushing, find your corresponding bushing and pin number and pick the ATRO part number in the box where they intersect. This is a total replacement for both the pin and bushing.

CONVERSION CHART: THREADED SPRING PIN BUSHING TO POLYURETHANE

Conventional & Cab Over Trucks 4" Springs	Bushing Part Number	
	Paccar B13-1000 Dayton Parts TB77 Automann MTB178	Paccar B13-1002 Dayton Parts TB81 Automann MTB186
Pin Part Number		
Paccar B65-1002 Dayton Parts 327-537 Automann M5448	SP59-11010	NOT AVAILABLE
Paccar B65-1008 Dayton Parts 327-540 Automann M5449	SP59-11006	SP59-11007
Paccar B65-6008 Dayton Parts 327-544 Automann M5447	SP00-11005	SP00-11013

Parts listed are designed as a replacement for the threaded bushing style spring pins.

The ATRO parts are a one piece design.

Features and Benefits:

- Simplify by replacing both the pin and bushing
- Self lubricating quality, meaning no more grease
- ATRO's polyurethane material is impervious to oil, grease, brine, cleaning solvents, hydraulic fluids and diesel fuel
- Premium polyurethane is formulated for superior performance
