

Pre-Packed Bearings

Save time and ensure proper installation.

Our pre-packed bearings* set new standards in the industry, ensuring your installations are faster, more accurate, and hassle-free. Discover how Steer King can transform your maintenance routine, saving you both time and effort.

Leave the packing to us.

Our pre-packed bearings* save you the effort—and 10-20 minutes per install.

- Bearings pre-packed with grease.
- Ensures proper grease application for performance and durability.
 - Saves the hassle, effort, and time of handling and applying grease.

- Precision ground surface.
- High-quality machined parts.

- Openings face towards the ground.
- Fast, easy orientation for installation.

***Important Note: Mack Bearings Configuration**
Special Note for Mack Owners: Due to specific configurations, Mack bearings are not pre-packed, but Steer King's quality and precision remain unmatched.

Steer King products are engineered to be long-lasting and are known for hassle-free installation, which saves time and boosts productivity for both shops and truck owners.

Steer King™ is an ATRO® brand with parts backed by the industry's best warranties. Our parts are built with pride in St. Clair, Missouri by a team who cares about delivering a quality product for you.
