Fifth Wheel Bushings and Kits

ATRO Fifth Wheel bushings and kits are purpose-built to withstand the grease, grime, weather, chemicals, and extreme forces that this critical system endures daily.

Unlike rubber that wears out quickly, ATRO's advanced polyurethane technology delivers exceptional durability and reliability.

FW51-32736 Fifth Wheel Rebuild Kit
CAD Rendering

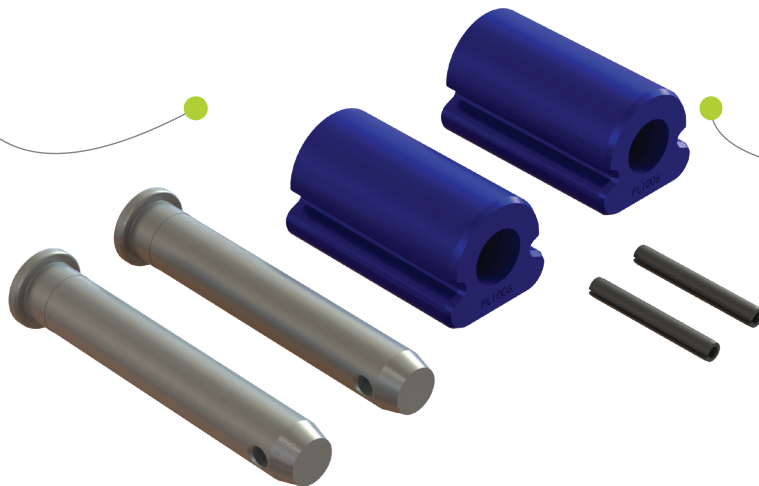

- ATRO polyurethanes are 3-5 times stronger than rubber.
- Resistant to oils, grease, road salt, and other chemicals.
- Specific compounds optimize the performance of each part.

ATRO Fifth Wheel Parts: Critical connections, unmatched durability.

Simplified maintenance with complete kits.

- **One click. One pick.**™
- *Everything you need in one box.*
- *New fasteners ensure a professional installation.*

Enhanced Safety and Performance

- *Reliable solutions for critical systems*
- *ATRO polyurethanes and component design ensure a secure connection between tractor and trailer, improving stability and maneuverability under heavy loads.*

Longer Service Life

- *Superior resistance to harsh environments*
- *ATRO polyurethane bushings resist the deterioration caused by grease and chemical exposure, reducing maintenance frequency and preventing costly downtime.*

Industry Best Warranty

- *Most kits include our 3-year warranty.*
- *You can trust ATRO Parts to perform better and last longer.*

ATRO Parts. Performance that drives your success.
